TODAY & TOMORROW

RUSH — TIME DATED

(Newsbriefs continued)

A four-part workshop directed at helping parents ease the transition from childhood to the teenage years will be held on Monday, June 15, 22, 29 and July 6, 4:30 to 6 p.m. at the Youth Clinic, 400 Parnassus Avenue. The enrollment fee is $25 per person or $35 per couple. The workshop is open to parents of teens 11 to 13.

Workshop discussion will focus on bodily changes in early adolescence, sexuality, intellectual and emotional development, changes in relation to the family and normal problems during these years. Advance registration is required. For further information call x2184.

Instructions for completing NIH research grant applications, Form PHS 398, have been revised. Among the changes is a clarification of the purpose of the appendix to the application. The appendix is to be used only for supplementary background material. Graphs, diagrams, tables and charts essential to the review group's understanding of the research project should be incorporated into the application. Photographs, oversized documents, materials that do not reproduce well, publications and completed manuscripts should still be submitted in six sets as appendix material.

All material of an important nature, including preliminary data, belongs in the body of the application, not in the appendix.

Investigators are reminded that applications that fail to follow the instructions on Form PHS 398 will be returned. It is necessary to follow closely the detailed requirements for revised applications on page 13 of the form.

The UCSF Hospitals Auxiliary recently presented the final yearly installment of $25,000 to complete its $100,000 pledge for the construction of a pediatric intensive care unit in the new Long Hospital. The check was presented at their annual luncheon by past president and UCSF Board of Overseers member Jeanette Katz to William B. Kerr, director, Hospitals and Clinics, and to Melvin M. Grumbach, professor and chair, Pediatrics.

The following new officers also were acknowledged at the luncheon: Gene Carbone, president; Faracita Wyatt, president-elect; Bonnie Raskin, first vice president; Betty Hine, second vice president; Robert Lilienthal, third vice president; Beulah Behrman, secretary; and David Sargent, incumbent treasurer. Speaker for the occasion was William Rutter, professor, Chemistry, Biochemistry and Biophysics.

Commencement exercises for 282 graduates of the School of Nursing will be held on Saturday, June 20 at the Marin Civic Center at 1 p.m.

The Doctor of Nursing Science degree will be conferred on 9 individuals, 130 the Master of Science degree, and 143 the Bachelor of Science in Nursing. Keynote speaker for the occasion will be Associate Dean Holly S. Wilson.

Honorary marshall for the exercises will be Dean Emeritus Helen Nahm.

The preceding day, Dean Nahm will be honored by the First Annual Helen Nahm Research Lecture in Room N 721 from 2 to 3 p.m. A reception will follow. The lecturer, to be announced on June 1, will be the School of Nursing faculty member or alumnus who is the recipient of the Helen Nahm Award for outstanding contributions to nursing science and research. The lectureship acknowledges Dean Nahm's distinguished contributions to UCSF in research and education. For reception reservations call extension 4544.

The School of Dentistry's 99th Commencement Exercises will be held at the Marin Civic Center Veterans' Memorial Auditorium, on Sunday, June 21, at noon. Eighty-eight dental students will receive their degrees. The evening preceding, 23 dental hygiene students will receive their pins at ceremonies in the Postgraduate Auditorium, Room C 701 at 7 p.m.

Willie Brown, Speaker of the California Assembly, will deliver the commencement address during the School of Pharmacy's exercises on Saturday, June 20 in the Palace of Fine Arts Theater at 1 p.m.

During the ceremony, 107 students will receive the degree of Doctor of Pharmacy, 15 students will receive PhD degrees, and the outstanding student of this year's class will receive the Bowl of Hygeia award.

The bowl and serpent of Hygeia are the internationally recognized symbols of pharmacy. Hygeia was a legendary Greek goddess of health who tended the sick from a shallow bowl in her hand. Each year, UCSF faculty and graduating students of the school select the graduating student who shows greatest evidence of leadership within the profession, to receive the award.

In addition, the graduating class will award a plaque to a professor for excellence in teaching.

The Second Annual Leslie L. Bennett Lecture will be held on Monday, June 8 in HSW 303 at 3:30 p.m. Arthur C. Guyton, professor and chair of the Department of Physiology and Biophysics of the University of Mississippi Medical Center, Jackson, will speak on "Analysis of Arterial Pressure Regulation and Hypertension."

The lectureship honors Bennett, Academic Vice-Chancellor and professor emeritus of Physiology, who was awarded the UCSF Medal in 1978. He completed his residency at UCSF in 1937, was named the Morris Hertzstein Professor of Biology and professor of Physiology in 1955, served as chairman of the Department of Physiology and then as Academic Vice-Chancellor.

The Personnel Department is starting the 13th Chancellor's Summer Youth Program. The program hires and trains disadvantaged students from S.F. high schools.

Campus supervisors soon will be contacted to request job opportunities that these young people can perform. Many of our current employees were summer youth workers.

In addition, this year funds are being provided by the Affirmative Action Office to implement career/counseling and job finding skills workshops. The entire program will run from June 29 to August 23. For further information contact David Johnson, coordinator of the program, at extension 1645 or 2287.

C. Clifford Attkisson, associate professor of Medical Psychology and Psychiatry, has been appointed associate dean of the Graduate Division, replacing Jack de Groot who retired in April of this year.

Attkisson received his AB in Psychology from the University of Richmond in 1962 and his PhD from the University of Tennessee, Knoxville, in 1970. He began at UCSF as a NIMH Fellow in Psychology at Langley Porter in September, 1968 and became associate professor in 1978. He was responsible for developing LPPI's Management Information System and has been a core faculty member of the Health Psychology Program since it began. His main area of research specialization is program evaluation in health and human services.

Campus publications have made a clean sweep this spring. The *UCSF Magazine* has won the top award for external publications from CASE and is one of the five top finalists for the Harper's Magazine Award for Excellence in Writing. This is in competition with magazines from universities all over the country.

The *UCSF Journal* has won the MacEachern Grand Award for all around excellence, the *Today and Tomorrow* calendar the top award in design from CASE, and the Publications Department the Special Merit Award, also from CASE, for the catalog of the School of Medicine's Fresno Medical Education Program. Jini Robinson and Carol Kummer are the awardees for the *Journal;* Allen Balderson and Robert Stelson for *Today and Tomorrow;* Michela Reichman is editor of the *UCSF Magazine.*

In recognition of Graduate Division Dean Emeritus Harold Harper, one hundred fifty members of the campus community have donated more than $7,400 to the Harper-Lange Emergency Loan Fund. The fund provides short term, non-interest loans for graduate students.

The new members of the Associated Students of UCSF Executive Board are: Mark Perez, executive director; Paul Montenegro, executive vice president; Elsa Aguilar, vice president, Academic Affairs; Jorge Pantoja, vice president, Student Affairs; and Juan Villagomez, vice president, Community Health.

The Gifts and Endowments Office has relocated to 532 Parnassus Avenue. Their telephone extensions continue to be 3952 and 3953.
